

BIOMASS & SOLID FUELS

SERVICES FOR
BIOMASS, COAL, COKE, AND
SOLID RECOVERED FUELS (SRF)

BUREAU
VERITAS

HELPING OUR CLIENTS MINIMISE COMMERCIAL, OPERATIONAL, AND ENVIRONMENTAL RISKS THROUGHOUT THEIR GLOBAL SUPPLY CHAINS

INDEPENDENT INSPECTION AND TESTING SOLUTIONS

Bureau Veritas' independent inspection, weighing, sampling, and testing services are available worldwide to monitor the supply chain and minimise or eliminate risks.

We provide services across the solid fuels supply chain from inspection to laboratory testing. Our accredited laboratories are able to run specialised tests and analyse a spectrum of materials from solid fuel commodities such as coking coals, coke, and pet-coke; to biomass and recovered wastes such as Solid Recovered Fuels (SRF), pellets, chips, PKS and briquettes. We also design, install, and operate mechanical sampling systems.

WHY CHOOSE BUREAU VERITAS?

Extensive global network offers **rapid turnaround time** from sampling to certification.

ISO 17025 accredited laboratories in key exporting and importing countries.

Umpire or arbitration assaying to support commercial settlement.

Overcome sampling and quality problems with **training and consultancy services**.

Highly trained team with local knowledge and global expertise.

Tailored solutions customised to fit your exact requirements.
